I went to camp really not knowing what to expect. I really wanted to know Christ better. On our final night at camp our huddle time was so powerful. I started crying because God was speaking to me through my huddle leader Laura. I just gave it all to Him that night. I woke up the next morning, and felt like I had a weight lifted off my chest. I was renewed because Jesus loves me beyond imagine. I loved camp and am already making plans for next year!

*Aaron,
 Just a line to tell you THANK-YOU!!!! [My sons] had the time of their lives. I would have never been able to afford to send them if not for your generous scholarships and information about community resources . . . I am so glad that they were able to go . . . [One of my sons] said he had a conversation with you too. Please keep us in mind for next year. I thank God for wonderful people like you!! God Bless You Aaron.....
